### ACRE 2018 CABERNET SAUVIGNON MILL RACE VINEYARD, NAPA VALLEY

#### TASTING NOTES

Our 2018 Cabernet Sauvignon typifies the grace, complexity and power that is the Napa Valley. Dark plum in color with an exotic blend of black cherry, cassis, and blackberry with earth and leather note and spice box aromatics. Rich and smooth on the palate with flavors that complement the aromas with hints of classic cherry vanilla, cedar, black tea, and pencil lead. This full-bodied wine exemplifies the positive impact of tannin maturation due to extended barrel aging. The finish is silky and supple with an elegance indicative of its organically grown origins within the Yountville appellation of the Napa Valley. Refined and accessible now with outstanding cellar potential through 2050.

#### GROWING REGION

Cooler than many parts of the Napa Valley, the 2018 Acre Cabernet Sauvignon comes from the organically farmed, family-owned Mill Race Estate Vineyard in Yountville. Our commitment to organic farming and sustainability will continue to ensure generational vintages well into the future, protecting this legacy. The 2018 vintage is arguably the greatest vintage since 1997, which required little viticultural intervention. Mill Race Vineyard is one of the original Napa vineyard sites planted by Napa Valley pioneer George C. Yount over 180 years ago.

#### VINTAGE

A perfect growing season, easily the best in the last two decades. It started with abundant rainfall, followed by a mild spring that resulted in excellent flowering. A summer of moderate and unhurried warmth achieved full and balanced ripening in the Mill Race Vineyard. This Cabernet Sauvignon was picked on October 8th under perfect weather conditions. Fermentation proceeded normally and resulted in this beautifully balanced wine.

#### KEY FACTS

VINEYARDS	Mill Race Vineyards, Yountville
APPELLATION	100% Yountville AVA
HARVEST DATE	October 8, 2018
VARIETAL COMPOSITION	100% Cabernet Sauvignon
AGING	A blend of new and 1 year old French oak
ALCOHOL	14.1%
PH	3.31
TOTAL ACIDITY	7.6 g/L
BOTTLED	April 19, 2022
TOTAL PRODUCTION	318 cases
